

# Time is Money... and Communications is KEY

**For: Employee Safety  
Efficiency, Productivity  
& Customer Service**

**Push to Talk: is still the fastest way to communicate with your hard working team, America is getting back to work!**

**Hands-Free-Laws** currently prevent the use of handheld cellular phones to communicate while driving commercial vehicles. Two Way Radio Communications are the most effective and legal way to increase driver's safety while keeping their communications strictly business.

**Push the button and Talk** Does this sound familiar? The easiest and quickest way to get your message through to those who need answers to the problems they are solving. **Speed, Simplicity & Efficiency** Just rapid exchanges of information between groups of people.

## **We offer affordable Nationwide Push to Talk and Tracking Solutions**
